Office of the Assistant Attorney General

Washington, D.C. 20531

Dear Colleague:

### INTRODUCING THE OJP GRANTS 2K SYSTEM

This solicitation has been created using the new **Grants 2K System** that incorporates user friendly technologies into our grant management process in order to better serve you, our customers. Let me take this occasion to lay out our blueprint for the new system. Access through the Internet to Office of Justice Programs solicitations is the first step in our goal to produce a fully interactive system dedicated to expediting and streamlining the receipt, review, and processing of grant applications. Printed copies of OJP solicitations will continue to be available on request to the cognizant OJP program office.

The next step, to be completed in early Calendar Year 1999, will enable users to submit applications for grants directly to OJP electronically for these solicitations. Receipt of an application will enable program staff to initiate the funding decision process, better manage the internal review sequence, and provide timely award notification to grantees. Soon-to-be-completed features of the new system will enable grantees to request payments and to submit progress, subgrant and financial reports electronically.

The **Grants 2K System** will be administered by the Office of Justice Programs as a pilot project so that we can see how it works over the course of the FY 1999 funding cycle. The OJP Program Offices piloting the new system are:

Violence Against Women Grants Office  
Drug Courts Program Office  
Corrections Program Office  
Executive Office for Weed and Seed  
Office for State and Local Domestic Preparedness Support

We invite you to visit the OJP Internet home page at [www.ojp.usdoj.gov](http://www.ojp.usdoj.gov) for additional information concerning the Grants 2K System.

Laurie Robinson  
Assistant Attorney General

# Introduction

*“Drug users are involved in approximately three to five times the number of crimes as arrestees who do not use drugs. Approximately three-fourths of prison inmates and over half of those in jails or on probation are substance abusers, yet only 10 to 20 percent of prison inmates participate in treatment while incarcerated. Simply punishing drug-dependent criminals is not enough. If crime is to be reduced permanently, addiction must be treated. Treatment while in prison and under post-incarceration supervision can reduce recidivism by roughly 50 percent.”<sup>1</sup>*

The nation’s prison population grew 5.2 percent in FY 1997, or the equivalent of more than 1,000 inmates per week. More than 1.1 million offenders were under State adult correctional jurisdiction at the end of FY 1997 and an additional 567,079 offenders were held in local jails. Between 1990 and 1996, violent offenders accounted for the largest source of growth (50 percent) in prison populations, drug offenders 25 percent, property offenders 18 percent, and public order 7 percent.<sup>2</sup>

Illegal drug use continues to be a major factor in crime and violence in America. A study by the National Center on Addiction and Substance Abuse at Columbia University (CASA) showed that 1.4 million offenders—or 80 percent of the 1.7 million incarcerated adults—were either high on drugs or alcohol when arrested, stole property to buy drugs, or have a history of drug and alcohol abuse. The study also suggested that residential treatment along with appropriate aftercare can reduce relapse and recidivism.<sup>3</sup>

Approximately 70-80 percent of all State prison inmates are in need of substance abuse treatment according to a Corrections Program Office

sponsored survey of State departments of corrections conducted in the fall of 1997. On average about 12.7 percent of the inmates in reporting States are receiving treatment on any given day, and only 15.3 percent complete a prescribed substance abuse treatment program prior to release from confinement. The respondents also estimate that just over one-third of those in need of treatment in the community following release will receive it.

Proven treatment along with education, job training, and health care can significantly impact the economy and crime reduction. According to the CASA study, the cost of such rehabilitation would average about \$6,500 per year. Each inmate who successfully completes such treatment and becomes a law-abiding, tax-paying citizen would generate a ten-fold return on that investment in the first year. Comparatively, an estimated reduction of one million crimes per year could be realized for every 10,000 drug-addicted inmates who stay off drugs and crime after release.<sup>4</sup> Drug treatment for offenders while in custody is a logical, convenient, and cost-effective point of intervention in the fight to reduce crime and recidivism.<sup>5</sup>

The Violent Crime Control and Law Enforcement Act of 1994, Pub. L. 103-322, provides funds to the States, through the Residential Substance Abuse Treatment for State Prisoners (RSAT) Program, to develop or enhance substance abuse treatment programs for offenders. It authorizes the Attorney General to award formula grants for substance abuse treatment programs in State and local correctional facilities. The FY 1999 appropriation for the program is \$63 million. In implementing the program, States are encouraged to adopt comprehensive approaches to substance abuse testing and treatment for offenders, including relapse prevention and aftercare services.

## Program Purpose

The Residential Substance Abuse Treatment Formula Grant Program assists States and units of local government in developing and implementing residential substance abuse treatment programs within State and local correctional and detention facilities in which prisoners are incarcerated for a period of time sufficient to permit substance abuse treatment.

The Residential Substance Abuse Treatment Program is administered by the Corrections Program Office (CPO) in the Office of Justice Programs (OJP), U.S. Department of Justice (DOJ). The appropriation for FY 1999 is \$63 million.

## Eligibility

States may apply for a formula grant award under this program. "State" means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, Guam, and the Northern Mariana Islands. The award will be made to the State office that is designated under Section 507 of the Omnibus Crime Control and Safe Streets Act, codified at 42 U.S.C. §3757, to administer the Edward Byrne Memorial State and Local Law Enforcement Assistance Formula Grant Program. The State office may award subgrants to State agencies and units of local government.

## State Allocations

Grant funds are allocated to the States using the following formula:

- # Each participating State is allocated a base amount of 0.4 percent of the total funds available for the program.
- # The remaining funds are allocated to each participating State in the ratio its prison population bears to the total prison population of all participating States. The most recent

National Prisoner Statistics collected by the Bureau of Justice Statistics are used to make these allocations.

State allocations for FY 1999 awards are listed in Appendix A.

## Program Design and Implementation

### Program Requirements

The Residential Substance Abuse Treatment formula grant funds may be used to implement residential substance abuse programs that provide individual and group treatment activities for offenders in residential facilities operated by State and local correctional agencies. These programs must:

- # Last between 6 and 12 months. Each offender must participate in the program for not less than 6 or more than 12 months, unless he or she drops out or is terminated.
- # Be provided in residential treatment facilities set apart from the general correctional population. Set apart means a totally separate facility or a dedicated housing unit within a facility exclusively for use by program participants.
- # Focus on the substance abuse problems of the inmate.
- # Develop the inmate's cognitive, behavioral, social, vocational, and other skills to solve the substance abuse and related problems.
- # Implement or continue to require urinalysis and/or other proven reliable forms of drug and alcohol testing.

States are encouraged to develop a comprehensive substance abuse treatment strategy for providing services in correctional institutions and community-based programs. Past experience with grant-supported treatment programs has shown that programs implemented in a single institution are

less likely to obtain continued management and financial support than programs implemented as part of a comprehensive treatment strategy.

Preferably, participation in the residential program should be limited to inmates who have 6 to 12 months left in their term of confinement so that they can be released from prison after completing the treatment program, rather than being returned to the general prison population.

## Drug Testing

Applicant States must agree to implement or continue to require urinalysis and/or other proven reliable forms of drug and alcohol testing of individuals assigned to residential substance abuse treatment programs in correctional facilities. Such testing must include individuals released from residential substance abuse treatment programs who remain in the custody of the State. States are also encouraged to implement drug testing and treatment programs for offenders throughout their criminal justice systems. As part of its application for funds, the State must describe its current drug testing programs, the number of offenders tested, and plans to expand or continue these programs. Grant funds may be used to pay the costs of testing offenders while in a grant-supported program.

## Aftercare

States are required to give preference to subgrant applicants who will provide aftercare services to program participants. Aftercare services must involve coordination between the correctional treatment program and other human service and rehabilitation programs, such as education and job training, parole supervision, halfway houses, and self-help and peer group programs that may aid in rehabilitation. However, under the governing statute, grant funds may **not** be used for non-residential treatment provided during the aftercare component of the program.

## Coordination

Corrections treatment programs and State and/or

local substance abuse treatment programs are required to work together to place program participants in appropriate community substance abuse treatment when these individuals leave the correctional facility at the end of their sentence or time on parole. Both agencies should work together in developing an individualized plan for community substance abuse treatment for each offender. This plan should begin when an offender enters the residential treatment program. States are encouraged to develop written agreements and procedures to facilitate this cooperation.

In designing and implementing the Residential Substance Abuse Treatment Formula Grant Program, States are required to ensure coordination between correctional representatives and alcohol and drug abuse agencies at the State and, if appropriate, local levels. This should include coordination between the activities initiated under the Residential Substance Abuse Treatment Program and the Substance Abuse Prevention and Treatment Block Grant Program administered by the Department of Health and Human Services' Substance Abuse and Mental Health Services Administration. States should also coordinate substance abuse and mental health services for dually diagnosed offenders. **The application must include a description of how the State plans to coordinate substance abuse treatment activities, including drug testing and aftercare, within the State.**

## Matching Funds

The Federal share of a grant funded project may not exceed 75 percent of the total costs of the project. The 25 percent matching funds must be in the form of a cash match.

## Annual Evaluation Report Requirement

Each participating State is required by statute to submit an evaluation report not later than March 1 of each year. The report should describe the activities carried out with formula grant funds during the previous Federal fiscal year, the criteria

used to assign offenders to the program(s), the impact of such activities in meeting the goals of the program, and the results of any program or project evaluations. The March 1, 1999, report should describe activities from October 1, 1997, through September 30, 1998.

The State must submit a completed Annual Project-Level Evaluation Report for each grant-funded project and an Annual Program-Level Evaluation Summary for the formula grant. These forms are found in Appendix B.

Grant funds may be used to track program and offender outcomes required for the Annual Evaluation Report. States interested in broader evaluation studies should apply for funding through the National Institute of Justice and should not use grant funds for such studies.

In addition, the National Institute of Justice (NIJ) is conducting a national evaluation of the Residential Substance Abuse Treatment Program. All applicants must agree to participate in national evaluation activities.

## Technical Assistance and Training

Technical assistance and training on effective substance abuse treatment strategies and programs are available from OJP/CPO to assist States with program implementation. Assistance will be provided during FY 1999 through national and regional work-shops, as well as on-site technical assistance to address specific needs. Additional information on these and other events is available in the OJP/CPO Technical Assistance Plan for FY 1999 or on the OJP/CPO homepage at <http://www.ojp.usdoj.gov/cpo>.

**# A copy of the checklist**

Provide a completed copy of the Application Requirements Checklist.

**# Application Due Date**

FY 1999 applications must be postmarked no later than **April 1, 1999**.

## **Administrative Provisions**

### **State Office Responsibilities**

In administering the Residential Substance Abuse Treatment Program, the State Office is responsible for:

- # Ensuring coordination between this program and State and local substance abuse treatment programs.
- # Preparing the application for formula grant funds.
- # Administering grant funds which includes: establishing funding priorities; receiving, accounting for, and disbursing funds; reviewing, awarding, monitoring, and evaluating subawards; preparing progress, financial, and evaluation reports; complying with audit requirements, and providing guidance and technical assistance to subgrantees.

The State may use a portion of the formula grant funds to administer the program. Since the purpose of the funds is to increase the availability of treatment services, the amount of funds used for administrative purposes should be modest and must be justified. Federal grant funds used for administration must meet all requisite match requirements.

## **Assurances**

The application forms found in Appendix B include a list of assurances that the applicant must sign to assure that it will comply with the requirements contained in the assurances in order to receive Federal funds under this program. It is the responsibility of the recipient of the Federal funds to fully understand and comply with these requirements. Failure to comply may result in the withholding of funds, termination of the award, or other sanctions.

## **Supplanting Prohibition**

Federal funds must be used to supplement existing funds for program activities and may not replace (supplant) non-Federal funds which have been appropriated for the same purpose. Potential supplanting will be the subject of monitoring and audit. Violations can result in a range of penalties, including suspension of future funds under this program, suspension or debarment from Federal grants, recoupment of monies provided under this

grant, and civil and/or criminal penalties.

## **Single Point of Contact Review**

Executive Order 12372 requires applicants from State and local units of government or other organizations providing services within a State to submit a copy of the application to the State Single Point of Contact (SPOC), if one exists, and if this program has been selected for review by the State. Applicants must contact their State SPOC to determine if the program has been selected for State review. The date that the application was sent to the SPOC or the reason such submission is not required should be entered in block 16 on the Application for Federal Assistance, SF-424.

## **Certification Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; and Drug-Free Workplace Requirements**

The applicant is required to complete, sign, and include a copy in its application of the Certification Regarding Lobbying, Debarment, Suspension, and Other Responsibility Matters; and Drug Free Workplace Requirements forms. By signing this certification, the applicant agrees to comply with the following requirements:

**Lobbying:** The applicant and its subgrantees, contractors, and subcontractors will not use Federal funds for lobbying and will disclose any lobbying activities.

**Debarment:** The applicant and its principals have not been debarred or suspended from Federal benefits and/or no such proceedings have been initiated against them; have not been convicted of, indicted for, or criminally or civilly charged by a government entity for fraud, violation of antitrust statutes, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property; and have not had a public transaction terminated for cause or default.

**Drug-Free Workplace:** The applicant will or will continue to provide a drug-free workplace.

Signing this form commits the applicant to compliance with the certification requirements under 28 CFR Part 69, New Restrictions on Lobbying, and 28 CFR 67, Government-Wide Debarment and Suspension (Nonprocurement) and Government-Wide Requirements for Drug Free Workplace (Grants). The certification will be treated as a material representation of the fact upon which reliance will be placed by the US Department of Justice in making awards.

## Civil Rights Compliance

All recipients of Federal grant funds are required to comply with nondiscrimination requirements contained in various Federal laws. In the event that a court or administrative agency makes a finding of discrimination on grounds of race, color, religion, national origin, gender, disability, or age against a recipient of funds after a due process hearing, the recipient must agree to forward a copy of the finding to the Office of Civil Rights of the Office of Justice Programs. All applicants should consult the Assurances required with the application funds to understand the applicable legal and administrative requirements.

## Restriction on Use of Funds

Grant funds shall not be used for land acquisition or construction projects.

## Purchase of American-Made Equipment and Products

It is the sense of the Congress, as conveyed through the FY 1997 Appropriations Act, that to the greatest extent practicable, all equipment and products purchased with grant funds should be American-made.

## Award Period

Awards will be made for the fiscal year of the appropriation, plus two additional years.

## Reporting Requirements

The following reporting requirements have been established to assist OJP/CPO in monitoring program implementation:

- # **Financial Status Report:** Financial status reports (SF 269-A) are due quarterly on the 45th day following the end of each calendar quarter. A report must be submitted every quarter the award is active even if there has been no financial activity during the reporting period. The final report is due 120 days after the end date of the award. Copies of this form are included in the initial award package. Future awards and fund drawdowns may be withheld if the progress and financial status reports are delinquent.
- # **Single Audit Report:** Recipients who expend \$300,000 or more of Federal funds during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit report is currently due to the cognizant Federal agency or oversight agency not later than 9 months after the end of the recipients' fiscal year. Audit reports for any fiscal years that began prior to July 1, 1998, are due 13 months after the end of the recipient's fiscal year.
- # **Semi-Annual Progress Report:** The State administrative agency is responsible for providing semi-annual reports on the implementation of the formula grant award and programmatic activities. Progress reports must be submitted within 30 days after the end of the reporting periods, which are January 1 through June 30 and July 1 through December 31 for the life of the award.
- # **Individual Project Report:** This one-page report provides information on subgrants/projects. Following the award of a subgrant, the State Administrative Office should submit a separate Individual Project Report for each *project* implemented under that subgrant.
- # **Annual Report -** As described on pages 3-4.

- # **Subgrantee Reports** - States are responsible for monitoring and fiscal oversight of subgrant projects and shall establish regular progress and financial reporting requirements for subgrantees. These reports should be retained by the State Office and made available for review by OJP/CPO or its authorized representatives during monitoring visits, inspections, or audits.

## **Suspension or Termination of Funding**

The Office of Justice Programs may suspend funding in whole or in part, terminate funding, or impose another sanction on a recipient for any of the following reasons:

- # Failure to comply substantially with the requirements or statutory objectives of 42 U.S.C. §3799ff—Residential Substance Abuse Treatment for State Prisoners Program guidelines issued there under, or other provisions of Federal law.

Failure to make satisfactory progress toward the goals or strategies set forth in this application.

- # Failure to adhere to the requirements in the agreement, standard conditions, or special conditions.
- # Proposing or implementing substantial plan changes to the extent that, if originally submitted, the application would not have been selected for funding.
- # Filing a false certification in this application or other report or document.
- # Other good cause shown.

Before imposing sanctions, the OJP will provide reasonable notice to the recipient of its intent to impose sanctions and will attempt informally to resolve the problem. Hearing and appeal procedures will follow those in Department of Justice regulations described in 28 CFR, part 18.

## Notes:

1. The allocations are based on a formula that provides each State and Territory with a base amount, plus an allocation in proportion to the ratio that its prison population bears to the total prison population of all States and Territories. The prison population includes all inmates under the jurisdiction of the State/Territory for whom the State has legal authority and responsibility. The counts include inmates who may be housed in other States, county/city jails, or other adult correctional facilities.
2. State prisoner counts are as of June 30, 1998, as reported to the Bureau of Justice Statistics in the National Prisoner Statistics program (NPS-1A).
3. For States with an integrated prison and jail system, prisoner counts include only those inmates with sentences of greater than 1 year.
4. Prisoner counts for the Territories are as of December 31, 1997, as reported to the Bureau of Justice Statistics. Counts include only those inmates with sentences greater than 1 year.

| <p><b>Item 1</b> Type of Submission: Indicate if this is an application for a construction or non-construction program.</p> <p><b>Item 2</b> Date Submitted: Indicate the date you sent the application to OJP. The "Application Identifier" is the number assigned by your jurisdiction, if any, to track applications. If your jurisdiction does not assign an identifier number, leave this space blank.</p> <p><b>Item 3</b> Date Received by State: Leave blank. This block is completed by the State single point of contact, if applicable.</p> <p><b>Item 4</b> Date Received by Federal Agency: This item will be completed by OJP.</p> <p><b>Item 5</b> Applicant Information: The "Legal Name" is the unit of government or the parent organization. For example, the primary or parent organization of a law enforcement agency is the name of the city or township. Thus the city or township should be entered into the Legal Name box and the name of the law enforcement agency would be entered into the Organizational Unit box. One person should be designated as the Contact for the proposed project, and that person's telephone number should also be included. It is not unusual for the name of the contact person to differ from the authorized representative of your agency provided in Item 18.</p> <p><b>Item 6</b> Employer Identification Number: Each employer receives an employer identification number from the Internal Revenue Service. Generally, this number can be easily obtained from your agency's accountant or comptroller.</p> <p><b>Item 7</b> Type of Applicant: Enter the appropriate letter in this space. If the applicant is representing States organized as a regional compact, specify by checking Block N and entering "regional compact" and identify the participating States.</p> <p><b>Item 8</b> Type of Application: Check either "new" or "continuation". Check new if this will be your first award for the purpose described in the application, even if the applicant has received prior awards for other purposes. Check "continuation", if the project will continue activities, including minor modifications, or implement the next phase of a project, that was begun under a prior award number.</p> <p><b>Item 9</b> Name of Federal Agency: The awarding Federal agency for this program is the Office of Justice Programs.</p> | <p><b>Item 10</b> Catalog of Federal Domestic Assistance Number: Enter the five digit number from the Catalog of Federal Domestic Assistance which corresponds to the Federal program which is the source of funding for this project (16.593 for the RSAT Program).</p> <p><b>Item 11</b> Descriptive Title of Applicants Project: In this space, please enter: (1) a descriptive title of the project to be implemented; (2) the name of the cognizant Federal agency, (this is generally the Federal agency from which the applicant agency receives the largest proportion of its Federal funds); and (3) applicant's fiscal year, i.e. twelve month audit period, (e.g., October 1 to September 30).</p> <p><b>Item 12</b> Areas Affected by Program: Identify the geographic area(s) encompassed by the project. Indicate "Statewide" or "National", if applicable.</p> <p><b>Item 13</b> Proposed Project Dates: Fill in the proposed beginning and end dates of the project.</p> <p><b>Item 14</b> Congressional Districts: Fill in the number of the Congressional Districts in which the project will be located as well as the Congressional District(s) the project will serve. Indicate "Statewide", if applicable.</p> <p><b>Item 15</b> Estimated Funding: In line "a," type in the amount of Federal funds requested. Indicate any other resources that will be available to the project and the source of those funds on lines "b-f," as appropriate.</p> <p><b>Item 16</b> State Executive Order 12372: Some states (although, not all), require you to submit your application to a State "Single Point of Contact" (SPOC) to coordinate applications for Federal funds within the State. If your State requires a copy of your application, indicate the date this application was submitted. If a copy is not required, indicate the reason. The SPOC is not responsible for forwarding your application to the Federal funding agency.</p> <p><b>Item 17</b> Delinquent Federal Debt: This question applies to the applicant organization. Categories of debt include delinquent audit disallowances, loans, and taxes.</p> <p><b>Item 18</b> Authorized Representative: Type the name of the person legally authorized to enter into agreements on behalf of your agency.
